EDUCATION

University of British Columbia (Vancouver)

Jan 2024 – May 2024

Exchange Program - School of Ocean and Atmospheric Sciences (EOAS)

- Attained an A for the Field Techniques course, which involved geological field surveys and mapping exercise.

Nanyang Technological University

Aug 2021 – May 2025

Bachelor of Science (Environmental Earth Systems Science)

- Specialization in Geosciences, with a CGPA of 4.63
 - Attained an A+ for Solid Earth, Sedimentary Geology and Structural Geology & Tectonics.
 - Attained an A in Computational Earth Systems Science, GIS & Earth Systems and Satellite Remote Sensing.
 - Developed field data acquisition and interpretation skills through fieldworks in Bali, Indonesia and California, USA.

RESEARCH EXPERIENCES

Nanyang Technological University & Earth Observatory of Singapore

Research Assistant

Nov 2025 – Present

- Project: Beach ridge systems in Southeast Asia
 - Conduct coastal geophysical surveys using pulseEKKO GPR systems.
 - Collect OSL (Optically Stimulated Luminescence) dating samples.

Coastal Lab

Aug 2023 – May 2025

- Analyzed 2D sub-bottom profiles of the Singapore Straits
 - Utilized shallow-seismic Boomer survey, interpreted with OpendTect.
 - Correlated with established terrestrial Quaternary stratigraphy of Singapore.
 - Exposed to geophysical data and techniques.
- Final Year Thesis: Reconstructing Holocene sea levels in Bintan, Indonesia
 - Utilized Ground Penetrating Radar (GPR) to survey two transects in northern Bintan.
 - Processed and interpreted with Ekko Project 6.
 - Enhanced geophysical data interpretation skills.

Tropical Rivers Group

Aug 2022 – Oct 2024

- Investigated the linkages between climate change, precipitation and floods in Phnom Penh
 - Utilized remote sensing data for local hydrology and meteorology.

PUBLICATIONS

- Huang, W., Park, E., Wang, J., & Sophal, T. (2024). The changing rainfall patterns drive the growing flood occurrence in Phnom Penh, Cambodia. *Journal of Hydrology Regional Studies*, 55, 101945. <https://doi.org/10.1016/j.ejrh.2024.101945>

ADDITIONAL INFORMATION

- **Languages:** Fluent in English and Mandarin (spoken and written)
- **IT Skills:** Python, MATLAB, R, Google Earth Engine, ArcGIS, QGIS
- **Interests:** Hiking, Urban planning, Environmental history
